XVan

The X that multiplies the fun.

Choose the model that's right for you from the many available.

The XVan range is full of new features. Starting with the solutions that offer you an even wider choice and adapt to all ways of living vanlife. Whether you're enjoying a weekend en plein air or a long adventure on the road, XVan always has the right solution, ensuring everyone comfort and reliability, with modular, twin, French or overlapping beds, and space for up to 5 people. An example? XVan 5, with overlapping and modular double beds at the rear, offers up to four comfortable berths in the sleeping area. And if there are five of you on board, the dinette can become an extra bed to accommodate everyone.

XVan models come with smart technologies that improve the van's autonomy and make your life on board easier, like the new MEB-300 Smart Energy System with remote control from an app. On the road, you can enjoy ergonomic Captain Chair seats, a 700x500 mm panoramic window, laminate ceiling, blackout blinds in the driver's cabin as standard and storage cabinets lighting with LED light guide for a cosy and modern atmosphere, in the evening too. And a large back door to look out onto a different view every time it's opened.

Dynamic

Let the fun begin... GO!

Travel smart. Do it your way.

Dynamic is now better than ever, with 15 models including 8 low-profile and 7 overcab ones, offering you maximum freedom on any type of road. Whatever your travelling style, there is a Dynamic for you, with a wide range of solutions: central, twin, French or transverse beds.

On board, you will find outstanding comfort: Captain Chair seats, Cruise Control, Traction Plus and the innovative MEB-300 Smart Energy System to manage energy and lights from your smartphone. The new design focuses on minimalism and lifespan: upgraded laminates, hard-wearing fabrics, ceiling with Vetroskin cladding and a lighter and sturdier body. Every detail is designed for your comfort: LED light guide, bathroom with pivoting wall*, hard-wearing worktop, soft-close drawers and hypoallergenic mattresses with removable covers. Practical by day, cosy by night. With total blackout blinds and optimised spaces, Dynamic is your home from home wherever you decide to stop.

Modern, functional, durable: it's the motorhome that evolves with you.
