Go eXperience.
Go eXplore.
Go neXt.

Essentially... Surprising!

Set your passion for outdoor living in motion with XVAN and DYNAMIC: vans and motorhomes featuring functional design and outstanding value for money. Perfect for every travel style, whether you're looking for adventure or relaxation, exploring winding country roads or discovering vibrant cities.

With its essential style and smart interior solutions, XGO looks to the future. Every model is equipped with the MEB-300 Smart Energy System, providing intelligent multi-source management of lights and batteries, conveniently controlled via touch from your smartphone. Whether it's your very first day enjoying the outdoors or just another chapter in a long and happy journey, XGO offers a wide range of models to ensure maximum personalization.

Discover them all in this catalogue.

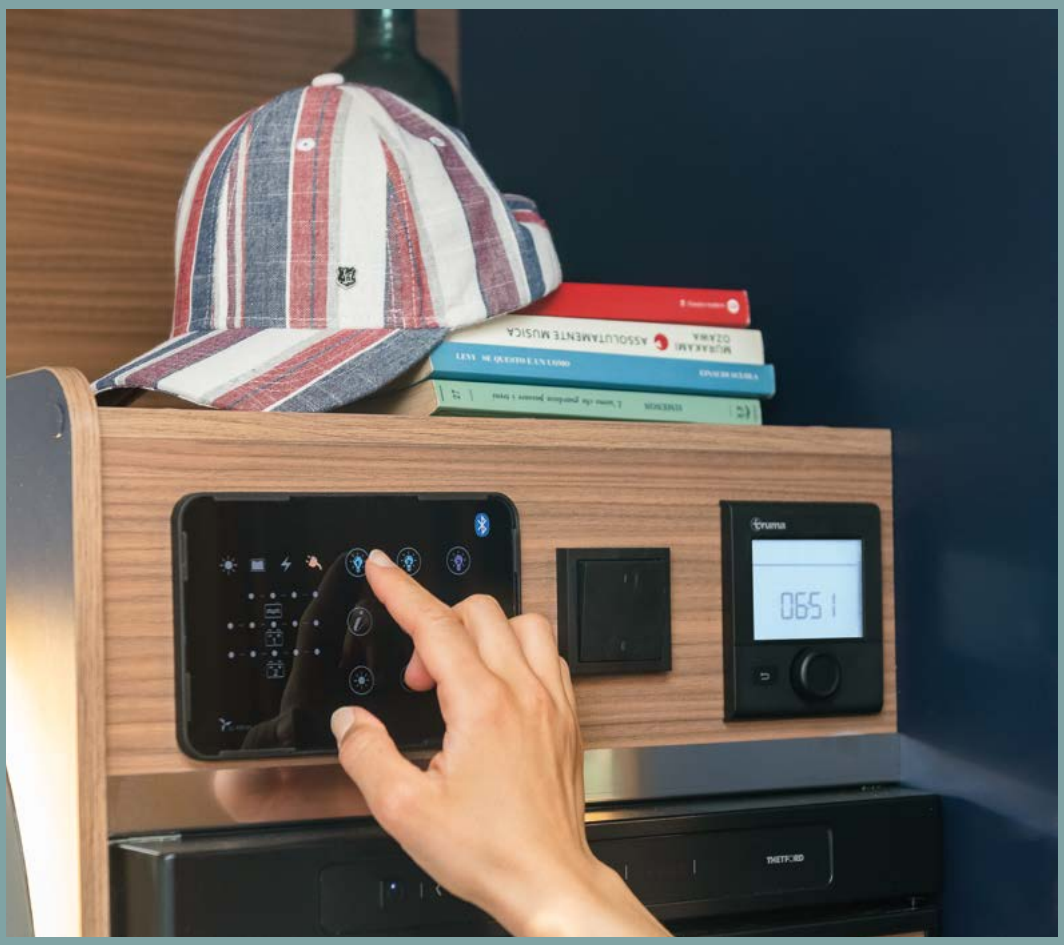
Ready. Set. XGO!

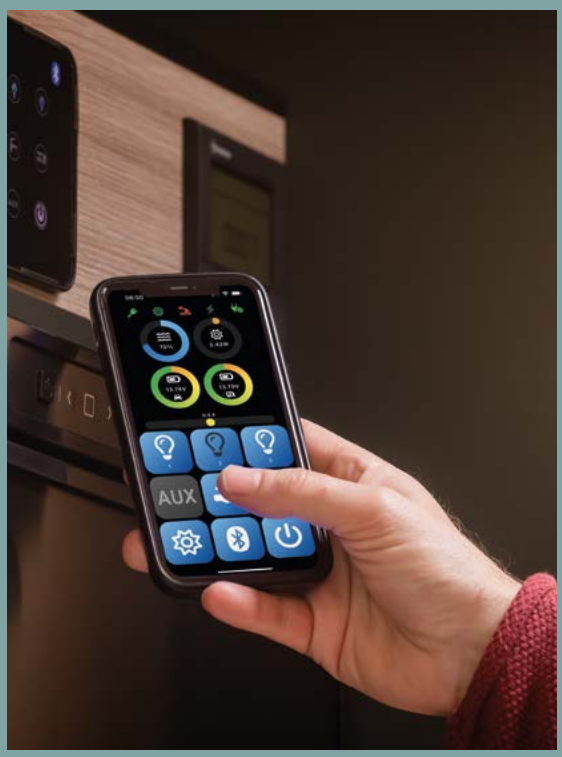
MEB-300

XGO into the future.

MEB-300 Smart Energy System. XGO vans and motorhomes are smarter than ever.

All XGO vehicles come standard with the MEB-300 Smart Energy System: an all-in-one solution for controlling onboard services and charging the batteries of your van or motorhome. Setting a new benchmark in energy efficiency and safety, it also delivers enhanced comfort and innovation, all conveniently at your fingertips through an intuitive touch interface.





Monitor and control everything from your smartphone

Everything is now at your fingertips. Thanks to Bluetooth connectivity, you can easily manage the lighting and other onboard functions of your vehicle directly from your smartphone via the dedicated app.

More efficient charging

Extend the lifespan of both your leisure and vehicle batteries while optimizing energy consumption through faster, more efficient charging. With an energy conversion efficiency of up to 96%, the system delivers maximum performance with minimal energy loss.

Solar panels? Absolutely

The battery charger now optimizes the solar input to capture the maximum amount of energy possible, thanks to MPPT (Maximum Power Point Tracking) technology, ensuring efficient charging even under changing light conditions.

Smart nodes for monitoring and control

Whether your power source is the electrical grid, solar panels, or the vehicle's alternator, you can now monitor and manage energy input more intelligently and efficiently.

Power meets intelligence

The MEB-300 ensures fast and safe charging of the leisure batteries, with a peak power output of 350 W and the ability to deliver up to 60 A from the vehicle alternator.

Multi-Source Energy Management

Seamless integration of power from AC mains, solar panels, and the vehicle alternator, ensuring efficient and uninterrupted energy management wherever your journey takes you.

Mechanical Unit

Driving pleasure shifts into a higher gear.

Fiat Ducato X250 & Peugeot Boxer

The reliability of the Fiat Ducato and Peugeot Boxer with the latest generation of standard features, including:

- 60 L fresh water tank
- Body-coloured front bumper with black skid plate
- Headlights with black bezels
- Front fog lights
- Traction Plus with Hill Descent Control
- AEBS (Advanced Emergency Braking System)
- TPMS (Tyre Pressure Monitoring System)
- Emergency Lane Keeping Assist
- Driver Drowsiness Detection
- Intelligent Speed Assist
- Traffic Sign Recognition
- Rear parking sensors as standard on vans
- 9" rear-view camera with display as standard on motorhomes

And much more*

Standard chassis specifications are based on information available as of May 2026.
During the season, due to technical, regulatory, or supply-related reasons beyond Luano Camp's control, specifications may be changed, modified, or withdrawn without prior notice.
The information and images contained in this material are provided for guidance purposes only and do not constitute a contractual commitment.
Customers are advised to verify the final specifications of the vehicle available at the time of purchase with their authorized dealer.

*(For the final configuration of chassis options, please check with your dealer regarding the standard options available at the time of purchase)

XVan

The van made just for you.

Compact in size, big where it really matters.

The XVan range, available on Fiat Ducato platforms, is designed to support your idea of outdoor living. Twin beds, bunk beds or modular sleeping solutions offer up to 5 berths, so you can enjoy van life without compromise.

On board, everything is designed to maximize comfort: pleated cabin blinds, modern interiors, and a suspended table structure with provisions for outdoor mounting. Ecofiber insulation comes as standard, while the panoramic window in the living area makes every stop even more enjoyable, filling the interior with natural light and scenic views. On the road, you can rely on standard rear parking sensors, cruise control, traction control systems and hill start assist. And with the MEB-300 Smart Energy System, you can manage lighting and energy sources directly from your smartphone.

XVan: practical, versatile, surprisingly good value.

XVAN

Certified seats
4

Total berths
(including assemblable)
from 3 to 5

Comfort

- Removable, hypoallergenic fabric mattresses, just like at home – easier to wash
- Pleated cabin blinds as standard
- Swivel cabin seats
- Panoramic window in the living area

Design

- Compact exterior design, surprisingly spacious inside.
- Suspended table structure, with more legroom and provision for external anchoring.
- Versatile range: modular, twin or bunk beds.
- Ecofiber insulation.

Configurations

- 4 models available, with lengths ranging from 5413 to 6363 mm
- 4 models based on the Fiat Ducato 2.2 L chassis

Dynamic

Change your idea of movement.

Travel smart. Do it your way.

Whatever your travel style, there's a DYNAMIC designed for you, with a range of smart solutions tailored to every adventure. On board, you'll enjoy enhanced comfort thanks to a 9" multimedia system as standard, Captain's Chairs, Cruise Control, Traction Plus, and the innovative MEB-300 Smart Energy System, which lets you manage lighting and energy directly from your smartphone. The new design focuses on simplicity and durability, featuring contemporary laminates, hard-wearing fabrics, and a Vetroskin interior roof lining.

Every detail has been designed with your comfort in mind: an XL entrance door available on bestselling models, a large compressor refrigerator, XL battery compartment, a swivelling bathroom wall on selected layouts, and removable hypoallergenic mattresses. Practical by day and welcoming by night, DYNAMIC becomes your home away from home thanks to complete cabin blinds and intelligently optimized living spaces.

Modern, functional and built to last: the motorhome that evolves with you.

Technology & Connectivity

- MEB-300 Smart Energy System: remote control of lighting and energy at your fingertips, efficient battery charging, solar panel integration, smart nodes, 400 W peak power, 60 A charging capacity, and multi-source energy management from AC mains, solar panels and alternators.
- Cruise Control and Traction Plus with Hill Descent Control.
- 9" multimedia system as standard.
- High-mounted brake light with integrated rear-view camera.
- Steering wheel-mounted controls.
- M+S Camping tyres.
- Dual airbags.
- Integrated DAB antenna in the mirrors (standard).
- Advanced Peugeot safety technologies: ESC, AEBS, TPMS, Emergency Lane Keeping Assist, Driver Drowsiness Detection, Intelligent Speed Assist and Traffic Sign Recognition.
- Modular XL battery compartment.

Comfort

- XL entrance door on bestselling models.
- Compressor refrigerator.
- Captain's Chairs with integrated headrests, wide backrests and dual adjustable armrests.
- Standard front and side cabin blinds for enhanced night-time comfort.
- Rear beds with slatted bases and home-style removable mattresses with hypoallergenic fabric.
- Two-burner kitchen with electric ignition and ultra-durable laminated worktop.
- Overhead locker lighting with LED light guide.
- Adjustable automotive-style headrests.
- ISOFIX preparation.

Design

- Vetroskin interior roof lining, durable laminates and upholstery with a contemporary look.
- Swivelling bathroom wall: transforms from shower to toilet area in one simple movement (available on selected models).
- Durable and secure pull-handle garage door latches.
- LED lighting system.
